"Lance is the only contractor, during the course of building our new home, that has actually stuck to the schedule he set forth....."
~ Don, Grants Pass

"I have known Lance for many years and used him often on my projects. I saw one of his jobs a long time ago and liked his style/quality. He is easy to work with. I recommend him to other home builders all the time."
~ Tory, General Contractor

"Once we decided to have our front yard landscaped we obtained quotes from several companies. Hill Top was one of the most reasonable quotes that we received."
